

Dear Friend,

**“Excited”** will not adequately describe the emotion I feel after just being introduced to **United Christian Fund**. For once I have been approached to give..... not to an organization, just to have my gift bled off into executive salaries and administrative expenses; but, **I CAN SEND MY GIFT DIRECTLY TO THE PERSON IN NEED!** That’s not all. They get to keep all of it. **Not one penny of it goes anywhere but where I intend it to go!**

Because I know that *you are a person who has compassion* when you see someone suffering a sudden tragedy, I have asked United Christian Fund to put you on the list to receive one UCF appeal each month in behalf of such a tragedy. They have agreed to mail one appeal per month to you for the next four months or until you cease to respond to the needs of those suffering terrible tragedy.

**I want to thank you** for being the kind of friend that I know I can take this liberty with without fear of overstepping my boundries.

Thank You,
